VERSE 1

God loves goats out in a field
God loves goats even when they're weird
God loves goats any time of day
God loves goats up on a house
God loves goats in a purple blouse
God loves goats black, red, white and gray

CHORUS

God made it all and said, "It's good!"
Loving us like God said God would
God loves all the creatures in the sea
And guess what? HEY! God loves you and me!

God loves you and me!
God loves you and me!
God loves you and me!

VERSE 2

God loves the buzzing of the bees
But pollen on bees' knees makes me sneeze ACHOO!
God loves flowers, sun and rain and sky
All of creation is loved by God
Even the platypus, but man they're odd
Every kind of antelope, bird and butterfly

CHORUS

God made it all and said, "It's good!"
Loving us like God said God would
God loves all the creatures in the sea
And guess what? HEY! God loves you and me!

God loves you and me!
God loves you and me!
God loves you and me!
