CHORUS

God's New Creation
Is beautiful and cool
It's magical and oh so awesome
God's New Creation
Is made for you and me
To share so all will see that God is good

VERSE

You give us fish, you give us bread
To share with others, make it spread
Chickens, goats, pigs and cows
Gardens filled with crops and flowers
Thank you Lord for all you've done
Oh this world is so much fun
You gave me feet you gave me hands
To spread your love across the land

CHORUS

God's New Creation
Is beautiful and cool
It's magical and oh so awesome
God's New Creation
Is made for you and me
To share so all will see that God is good!
